

CPR and AED

ASHI *CPR and AED* is designed specifically for laypeople and is an excellent choice for both the community and workplace setting. This extremely flexible program will help prepare people to respond to a cardiac arrest and choking. This program conforms to the *2015 AHA Guidelines Update for CPR and ECC*.

Intended audience

Individuals who are not healthcare providers or professional rescuers but desire or are required to be certified in CPR and the use of an AED.

Class options

- Adult
- Adult and Child
- Adults, Child and Infant

Class configurations

- Max student to instructor ratio: 10 to 1
- Recommended student to equipment ratio: 3 to 1

ASHI-approved training materials

- ASHI *CPR and AED* Student book (one per participant, print or digital)
- ASHI *CPR and AED* Instructor Guide (one per Instructor, print or digital)
- ASHI *CPR and AED* media presentation (program video, PowerPoint® or computer / online blended class)

Digital resources

- Streaming video player
- Create custom playlists
- Customizable blended learning playlists
- Pre-built digital Performance Evaluations
- Track past, present and future classes through TC portal
- Mobile app, including offline mode

Recognized certification period

Up to 2 years

Successful completion (certification)

- *Written evaluation:* When not required by a regulatory agency, it is optional.
- *Performance evaluation:* All students must perform required skills competently without assistance.

Recommended time to complete

- *Initial training:*
 - Adult: 2 hours
 - Adult and Child: 3 hours
 - Adult, Child and Infant: 3.5 hours
- *Renewal training:* Less than initial instructional time

Times are based on core-topics only. Adding supplemental topics will add to the overall class time.
