PEDIATRIC FIRST AID | CPR AED

AMERICAN SAFETY& MEDIC HEALTH INSTITUTE First Aid

The purpose of the HSI Pediatric First Aid | CPR AED training program is for participants to gain or improve knowledge and skill proficiency in First Aid, CPR, and AED skills.

- HSI Pediatric First Aid | CPR AED has been approved by the HSI Medical Advisory Board and reviewed by the HSI Advisory Council.
- Reflects the latest resuscitation science and treatment recommendations published by the International Liaison Committee on Resuscitation (ILCOR).
- Conforms with the 2020 American Heart Association (AHA) Guidelines Update for CPR and ECC and the annual Guidelines Update.

Intended audience

The intended audience is individuals who are not healthcare providers or professional rescuers who desire, or are occupationally required, to be trained and certified in pediatric first aid and/or CPR AED for the child, infant and adult.

Class options

- Child and Infant
- Child, Infant, and Adult

Delivery options

- Traditional Classroom
